

## **McGivney Relic Pilgrimage Tour**

A new program being offered by the CT State Council this year is the McGivney Relic Pilgrimage. Your District Deputy will have all the information needed to schedule and run this event. The State Council will arrange for a Blessed Michael McGivney Relic to be brought to your Council's event at the Parish you serve and a McGivney Votive Mass is strongly encouraged to take place when hosting a Blessed McGivney Relic. You can find information on how to run a McGivney Votive Mass at [kofc.org/mcgivney](http://kofc.org/mcgivney). Supreme has already sent this information to all the Council Chaplains. The Relic Pilgrimage and Mass are open to the Parish and the public so it is suggested your Council serve refreshments and display information about the Knights of Columbus, your Council and the McGivney Guild at the event. There is no deadline for the event or limit to how many times a Council can host the event. The schedule for the McGivney Relic Pilgrimage is in the process of being compiled and it is first come first served, our goal is to visit each District this Fraternal Year. We are looking to start this program in October so reach out to your District Deputy and have him get your Council on the schedule.
